

What is the Air Rifle Club about?

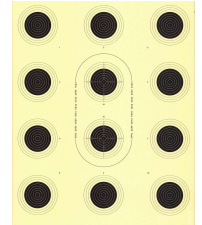

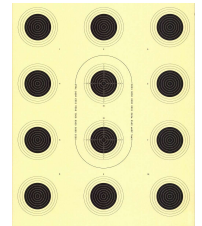

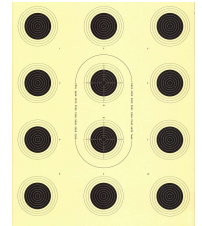

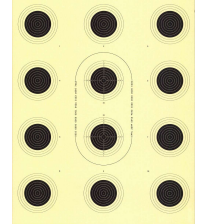

*The club focuses on
firearms safety and
three-position
air rifle competition*

*What is
three-position
air rifle?*

Sporter target
air rifles
are shot
at targets
10 meters
away...

From the
standing,
kneeling,
and prone
positions.

How much will this cost?

Nothing!

The goal of this club, from day one, has been to get students involved in marksmanship with no financial obligations to stand in the way of participation.

Our progress so far...

We are NOT a school sponsored activity

We started from scratch with zero equipment

We are in our third year of existence, second year of competition.

Right now, we have:

A three firing-point range and related equipment

Eight PCP sporter air rifles

- Three AirForce Edge
- Two Crosman Challenger CH2009
- Three Daisy 599

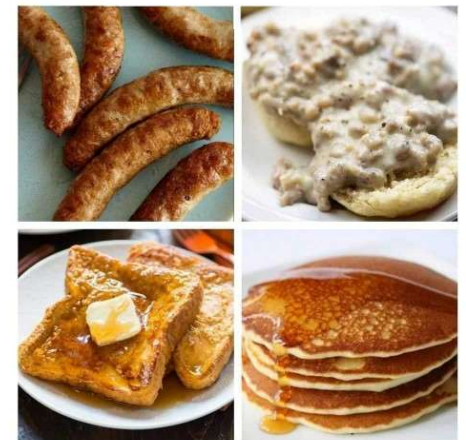

Continued growth...

- NRA Foundation State Fund grant.
- We are an American Legion Shooting Sports team sponsored by Post #88. As such, we assist them with their monthly breakfasts the third Sunday of each month September through April.
- Fund raising letters to local businesses
- We will have a couple fundraising shoots during basketball season
- We will have a raffle during basketball season

Higgins - Jensen - Olson Post #88
White and Toronto, SD

Continued growth...

Main goals

- A second three firing-point range so we can have six shooters at a time
 - Additional needed equipment for six shooters
- More PCP sporter air rifles. Crosman Challenger model CH2021

Down the road

- Maybe add Precision air rifle
- Maybe add air pistol

This year's raffle...

*How will
we compete?*

*Who will
we compete
against?*

We will compete by shooting locally and competing nationally through postal matches.

Postal matches are where teams shoot their targets on their home ranges then send the fired targets to the match sponsor through the postal system. We will be able to compete against teams from around the country.

Postal matches are sponsored by organizations such as the Civilian Marksmanship Program and the American Legion.

Top teams in some postal matches qualify for a shoulder-to-shoulder National Match...

The CMP Postal Championship and the American Legion postal are qualifying matches.

The CMP Aces postal matches are independent quarterly matches. We will be able to fire the 4th quarter 2024, 1st and 2nd quarter 2025 matches. 3rd quarter match dates typically fall during the summer break.

One note about the Aces postal matches, they are open to adult participation as well. So, parents/guardians, if you want to give this style of shooting a try, just let me know. We can try to get you some practice time and let you shoot in those postal matches.

*As much as possible,
practices and matches
will be scheduled to avoid
impacting other sports and
activities.*

We will have Signup Genius sign-ups linked from the Deubrook Air Rifle website (<https://deubrookairrifle.org/signup.html>)

Expectations

- I expect shooters will sign-up for a relay on Signup Genius
- I expect that if you are unable to make the relay you signed up for, you will delete the sign-up if possible or call/text/email me if not possible
- I expect that shooters will help with setting up and tearing down the range and equipment
- I expect that shooters will make full use of our limited range time
- I expect that we will field a full team for the American Legion postal
 - I would hope that we have good participation for other postal matches as well
- I expect that club members will help with fund raising efforts; especially with the Legion breakfasts and selling raffle tickets
- I expect communication. I primarily send updates and other information via email. Occasionally I will ask for input or feedback.
- I expect that everyone will have a safe and fun time during club activities. If you have ideas, please tell me about them
